

## 7" Digital Photo Frame

The world's first 7" frame that displays in 4:3 aspect ratio for no stretching, cropping or distortion. Digital screen displays up to 6400 images on 1GB of internal memory. Transfer images, audio and video from a memory card via 5-in-1 card reader or from PC with included USB cable. WiFi/Bluetooth compatible.

INTERCHANGEABLE MATS

Includes Charcoal and White Mats

TRUE PHOTO  
NO DISTORTION

The Pandigital 7" digital photo frame uses a true photo 4:3 aspect ratio like most digital cameras which means no stretching, cropping, or distortion.

PLAY  
MUSIC & VIDEOS

The Pandigital 7" digital photo frame plays both digital video and digital audio giving it more versatility to accommodate the broadest range of media formats.

NO PC  
REQUIRED

No need to turn on the computer. Simply insert your memory card and a slideshow of all the photos on the memory card will start immediately.

SIMPLY  
PLUG & PLAY

No software required. Use the included USB cable to connect the digital photo frame directly to the computer to begin dragging and dropping photos onto the digital photo frame's internal memory.

Personalized  
DIGITAL  
GREETING  
CARDS  
INCLUDED

Simply add a message to one of the 4 included digital cards and your greeting will be displayed each time the frame is turned on. Use the digital greeting feature to turn your frame into a personalized gift or celebrate special occasions.
